

## ZABEL

Guided by her passion for life and her spirit, French-Canadian painter Zabel creates vibrant artworks filled with romance and immersive textures. With a belief that art is all about feeling, she by infuses her art with strong emotive qualities.

Zabel paints each scene with precision, using only spatulas for application. Her paintings are a nod to *haute couture* and a frivolity reminiscent of Impressionist masters like August Renoir and prolific Rococo artist Jean-Honoré Fragonard. From chic and glamorous lifestyles rendered in gold and silver to neon pinks and greens, you can feel the vibrancy of her life's travels and colorful experiences.

Zabel's paintings are exhibited and collected internationally, from New York to Japan, across the USA from California to Miami, and all over Europe.
